**I have a HUGE SURPRISE for you  
in this eBook so make sure you  
look carefully for it!**

It is a simple code, and it could be the one thing that changes your destiny. It is located in the eBook so read carefully. You will know it when you come to it, and you will know exactly how to implement it!

**For Now Try Not To Think About It!**

OK, let's get started!

This is a simple but powerful little eBook that has traveled around the world many times. It has the power to literally change the way you look at your personal Dreams, passions and goals, and how to Prosper as you pursue them.

Enjoy!

What would you do, where would you go, if you knew there were no limitations? I am quite sure before you finish this eBook you will begin to imagine what that would be like, and begin to believe it really is possible.

## **It's time to Dream----again!**

Allow your Dreams to burn in your bones once again. Let your life sizzle with an insatiable passion for taking your Dreams to the next level.

You can, **I know You can!!!**

Listen carefully.

# **“Your Imagination Taps Into Your Heart”**

**Your “imagination” is where your “I cans”  
are. Where your Dreams are!**

# “Your Thoughts Tap Into Your Head”

Your “thoughts” are where your **“I can'ts”** are.

**This is the place where Dreams can die!**

Remember "Star Wars", Luke Skywalker is just learning the power of, "The Force". He is flying a "do or die" mission to save the day.

He is the only one left that has a slim chance. He must fly into a narrow pass and hit the bulls eye then fly out.

All the while the enemy is pursuing him with a vengeance determined to stop him at any cost. He brings the eye monitor to his eye so that he is able to move with laser precision.

As he looks through the computer screen, he hears a familiar voice (in his mind). It is none other than his Jedi Teacher, Obee wan kanobee.

Luke, The force is with you, **“Trust”**.

Luke struggles for a couple of seconds, then quickly pushes the monitor away from his eye. The music intensifies, Luke **“Defocuses”** and Bam, hits the Bulls Eye.

He saves the day! Whewhoooo!

Listen carefully!

# “There Is Power In Defocusing”

Did you catch the magic of what “ole” Luke did. He actually “**Defocused**”. He could not trust his normal senses, he had to trust his “**peripheral senses**”. Stay with me here and it will all make sense, and literally transform your life in many ways.

He made the shift and WOW!

He kicked it up a notch!

Suppose you could make that shift, and experience the “Wow”!

Still with me?

## **Another example:**

“**Slow Readers**” often sound out every word in their mind, using their normal senses. As a result they read about 150 to 250 words a minute.

“**Speed Readers**” can read 1500 - 2500 per minute. WOW! Using techniques that give them the advantage.

You may not believe what I am about to say, but it is true.

“**Photo Readers**” can read thousands of words per minute. In fact, they can read two pages at the same time, per second. Yep, not a minute, **Per Second**.

How?

Get this!

There is only one way to do it.

Yep! You guessed it!

## **They must LEARN to:**

# "DEFOCUS"

When you learn the technique of photo reading, a phenomena occurs.

It is unbelievable, I have experienced it.

There will come a point in time when you are totally "**Defocused**", that certain words will appear to be "floating", above the page.

I know, I know, sounds kind of spooky but it really happens!

How does it happen?

Listen carefully.

**When you "Defocus" you immediately engage your peripheral senses. You "see more"**

This is not really a new concept to you. In fact you have actually experienced this in many different ways.

***One way that you have experienced this is driving down the road.***

Have you ever been driving down the road kind of caught up in the moment. Maybe 5 or 10 minutes later you wonder how you got to where you are, which may be miles down the road. Kind of in a daydreaming state.

That's easy, your "peripheral senses" took over, not "Focused Vision" but "**Peripheral Defocused Vision.**"

Want to try it out right now?

Go ahead try it, right now.

Focus on something directly in front of you. A spot on the wall or whatever. When you do this, you will not see much more than what you are "Focused" on.

Now "Defocus", engage you peripheral vision. How? See what is on each side of you, without focusing on what is directly in front of you.

When you do, you will notice you cannot "Focus" on what is directly ahead, yet "You See More", waaaaay more.

I was in New York not to long ago. It was pretty crowded everywhere we went.

I noticed when I walked I was "Defocused",and became more aware of people around me, cars, buses..... I took in more, being "Defocused".

You can take in waaaaaaaaay more when you are defocused.

OK you get the idea, strap yourself in and let's go mach II with our hair on fire now.

Still with me?

Ok listen close and reeeeeaally get this!

## **"Your Internal World Creates Your External World"**

**Now let me introduce another very  
Powerful concept.**

I will illustrate it by looking at today's fad of dieting. Why do diets fail miserably?

I'm glad you asked.

Diets fail much of the time because, "The Picture" on the inside is not changed. The **"inner world"** is the same.

It would be near impossible to see yourself as 250 lb person on the inside and try to diet yourself to 150 lb person on the outside.

But what if there were a way to change "The Picture" on the inside.

Listen because this is powerful.

**“Change the picture on the inside and the outside will change”**

**AND**

**“Losing weight will seemingly be effortless. Pounds melt off!”**

Why?

Because you have reprogrammed your ‘inner world’.

OK

Think of it this way.

You do things without thinking about it, right.

Like when you eat, you do not count how many spoonfuls, chews, calories.... you do not weigh your food (Oops---some people do).

My point is, is that you eat **without thinking** about it, yet you stay at the weight you are at, that is amazing! We have an amazing design.

Now how does all this this happen? Get this, with all your getting. You may have to go back and read this little ebook again, whatever you have to do, just do it, and it will do unbelievable things in your life!

Now, how does all this happen, without any effort?

“You are on autopilot”

**BECAUSE**

“Of the picture you have filed in  
your imagination”

**Now here is the key:**

All this is **Effortless** and only becomes a struggle when you go against **(thinking)** the picture you have on the inside **(imagination)**.

Believe me, your eating will bring you to the exact weight of the picture you have on the inside, “effortlessly”, no trying, no strategy, no hard work, it’s all simple, effortless and automatic.

“Now Let’s Put It All Together”

“Imagine” having a picture of “prosperity” on the inside. Prosperity would then become “seemingly effortless”.

Think about it this way!

# “You Attract What You Are Not What You Want”.

Starting to make sense now. Ok, we are headed for the homestretch now so hang on. Remember my question at the beginning of this ebook? Here it is

What would you do, where would you go if you knew there were no limitations?

## What if?

What if you could use your “**Imagination**” and “**The Power Of Defocusing**” to lose weight, break a habit, to increase your wealth, lift weights, exercise, form dynamic relationships, anything.....

Now let me kick it up a notch!

## What if?

What if you could do this stuff and find it seemingly effortless.

I will give you an example. I was not crazy about exercise before I discovered this. Then everything changed.

I only work out at the gym 2 or 3 times a week for 20-30 minutes, and I have a blast. A far cry from the grueling 2 or 3 hour workouts I used to do way back when.

In fact people laugh when they see me leaving so quickly. They joke about me coming in for only a few minutes, when they are there for an hour or two.

Yep! It can be easy and fun, seemingly effortless.

Don't have to bang your head against the wall 75 times anymore.

You can apply this to any area of life. I have used this with, getting the car I wanted, breaking self sabotaging habits, thoughts, choices, patterns....

## **“Your Outer World Is A Result Of Your Inner World”**

**It is a result of the picture you hold in your imagination!**

In reality, you are experiencing what you see in your imagination without even realizing it, at a subconscious level.

So literally everything is on “autopilot” from the picture you hold on the inside, and becomes “seemingly effortless” in your everyday life!

Make sense?

**If you are a 200lb person on the inside, you will be a 200lb person on the outside, down to the pound/ounce**

You do not have to figure out how many burgers or chips to eat, your eating is on autopilot, “seemingly effortless”.

**If you are a \$21,000 a year person on the inside, do not be astounded when you can't "Find" something better than \$21,000 a year. You are on autopilot!**

People tend to Focus on what they **"do not want"**, (hehehe) been there done that.

## **"Another Common Way To Keep Failing Backwards"**

Is to Focus on the **"outer world"** rather than the **"inner world"**.

I'll look for a better paying job, I'll try this new diet, I will do more or different affirmations.

You will become very frustrated and weary focusing on your outer world.

Why?

Because that is the symptom, the outcome, the result.

**You will gain ground, have temporary successes, only to snap back to where you were, or even worse.**

Yep, you can lose weight on diets, but when you go off the diet, what happens?

You can get a raise, but what alwaaaaaaays happens? Cars break down, unexpected emergencies, and the list goes on.

In the movie Gladiator, they are preparing for war. General Maximus is preparing his army. He is on his stallion and the battle is moments away. He says,
